# SUSTAINABILITY IS IN OUR **DNA**

## BI-SILQUE'S PRODUCT CERTIFIED® COLLECTION

OUR ENVIRONMENTALLY FRIENDLY CERTIFIED PRODUCT COLLECTION, COMBINES SELECTED QUALITY MATERIALS WITH ECOLOGICAL SOLUTIONS.

# OUR SUSTAINABILITY FOCUS AREAS

Although the organisation is very much focused on Economic, Environmental, and Social aspects for its sustainability, it concentrates on the following elements:

### RESPONSIBLE SOURCING

- An overall Supply Chain closer to the factory.
- Have more ESG conscious suppliers.
- An increased selection of Certified raw materials.

### PRODUCT STEWARDSHIP

- Increased Recycled & Recyclable materials for product & packaging components.
- Increased Product Lifetime, but also increased circularity of the product components at the end of life.

### RESPONSIBLE MANUFACTURING

- Improve the Manufacturing practices to reduce waste and lower emissions.
- Increase the usage of Renewable energy or Biofuel cogeneration to reduce the environmental impact of the operations.

### SOCIAL PRACTICES

- Continuous development of our employees to improve their capabilities.
- Support our employees and their closest family members in Education and Health initiatives.
- Support institutions, such as the Esmoriz Firefighters

# OUR ECOLOGICAL PRODUCT DEVELOPMENT PROCESS

We create our collection of ecological products taking into consideration the following principles:

**ECOLABEL**

- ✓ Sustainable & Safe Materials
- ✓ Limited Product Emissions
- ✓ Design for Disassembly
- ✓ Extended Life Product Guarantee
- ✓ Consumer Information Document

**C2C**

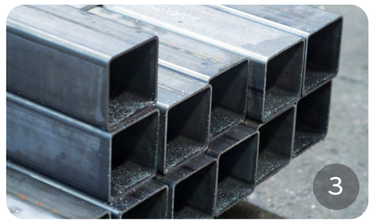

- ✓ Material Health
- ✓ Product Circularity
- ✓ Clean Air & Climate Protection
- ✓ Water & Soil Stewardship
- ✓ Social Fairness

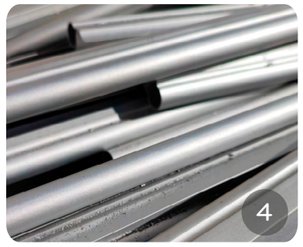

# OUR PREFERRED MATERIALS

1. Natural wood from sustainable sources.
2. Wood based materials from sustainable sources.
3. Steel, an alloy made up of iron (the fourth most abundant element on Earth), and is totally recyclable.
4. Aluminium, the most widespread metal on Earth, and is totally recyclable.
5. Cork, that is naturally renewed every 9 years.
6. Plastics, mostly recyclable and preferably with recycled content.

# OUR PRODUCT LEVELS OF ACHIEVEMENT

Cradle to Cradle Certified® Silver certificate, which means that it has a **Material Reutilisation Score greater than 50,** as per explanation in the following site:

**www.c2ccertified.org/get-certified/levels/silver/v3_0**

Cradle to Cradle Certified® Bronze certificate, which means that it has a **Material Reutilisation Score greater than 35,** as per explanation in the following site:

**www.c2ccertified.org/get-certified/levels/bronze/v3_0**

*Each and every one of us have the responsability to make a change in our business and become part of the solution by reducing our environmental footprint.*

**André Vasconcelos**
Bi-silque's CEO

## Earth Maya Trio Whiteboard

**Environmentally friendly trio whiteboard**

- Large writing area due to the double-sided boards
- Easy 4 corner assembling system with the fixing kit and instructions
- Available with a Ceramic (white or green), or Lacquered Steel surface
- Aluminium pen tray included for whiteboard markers and eraser
- Maya design aluminium frame
- Cradle to Cradle Certified® Silver
